PUFF DIFFUSERS

4000 Series

DESCRIPTION

This diffuser family has an unobtrusive rounded cornered Puff design motif, which allows it to be used in a variety of interior design schemes. Typical installations include residential, light commercial and hospitality applications.

The diffusers can be used with compact fluorescent, linear tube and U- lamps, depending on the size and shape specified. The diffusers are available in pressure formed matte acrylic/high impact acrylic blend and pressure formed smooth acrylic/high impact acrylic blend. A Durapuff™ blend material for higher impact shipping applications is also available.

ORDERING INFORMATION

Please call (770) 948-6069, fax (770) 948-1389 or e-mail customer service at custserv@rlrindinc.com for pricing and delivery information.
